PatrolPlanner

for ADULT LEADERS

Why Plan?

Annual Troop Planning plays an essential role in fulfilling the mission of Trail Life USA. This guide is designed to assist the Troop Committee in that process in a straightforward, easy way. Regardless of your role in the Troop, a well-planned program year yields numerous benefits including:

- Increased retention of current Trailmen who are having fun all year long at activities they helped determine
- Increased recruitment of new boys to the Troop, whether during the traditional “Join the Adventure!” season, or any other time of year
- Increased recruitment of leaders who can more easily acclimate to their new role
- Advanced planning gives you the greatest chance of getting reservations at the best events, and avoids your Troop being shut out of events with attendance caps.
- Fundraising goals are easily determined when you know what you want to do and you can take advantage of early registration discounts
- Time to complete basic or advanced leader training or physical conditioning for high adventure activities
- A more relaxed year, because you know exactly what needs to be planned, when to do it, and who’s coordinating each activity
- Increased participation by Trailmen, resulting in more opportunities for building relationships and mentoring (aka “Ministry Minutes”)
- Demonstration of respect for your church’s scheduling

You will find that establishing a plan will create a more productive and exciting year of adventure for your Troop. So block off some time, get the whole Troop together, and organize your best year yet!

Steps to Plan Your Year

Gather all stakeholders to assist in patrol planning. This may include Trail Guides, Trailmen, and parents.

STEP ONE:

Review and select Nationwide events on page 4 that your Troop determined to do in Part I, Annual Planning. Add to your Troop calendar in Trail Life Connect.

STEP TWO:

Hold an Annual Planning Officers' Conference, and with the Troop leadership, list other events on page 5 that your patrol or Troop may consider. Add events to your Troop calendar in Trail Life Connect.

STEP THREE:

Plan your program topics and activities for each month (**See pages 6-7**) to cover desired achievements for the year. Woodlands Trail Trail Guides and the Ranger should plan the Woodlands Trail program topics, and the Officers' Conference should plan the Navigators and Adventurers program topics.

STEP FOUR:

Plan your next meeting:

- a. Woodlands Trail
(**See pages 8-9**)
- b. Navigators/Adventurers
(**See pages 10-11**)

Youth Protection Essentials

It's as Simple as 1-2-3

No 1-on-One

The no one-on-one rule is in place for youth protection so no boy is ever alone with an adult. This is for both the protection of the boy and the adult.

2-Deep Leadership

The two-deep rule is in place for safety so there is always a minimum of two Registered Adults in proximity to provide backup and oversight.

Buddy System of 3

The buddy system of three helps keep youth safe from abusive youth when out of sight of adult leadership. Buddies must be of the same program level.

Complete Child Safety Youth Protection policies and additional guidelines are found in the current version of the Health and Safety Guide.
